Dear Friends,

Thank you, for your inquiry into our Infant Adoption Program. Here on the web-site you will find some information about our open adoption program. Please submit an inquiry form if you wish to be added to our list of interested families. We will then send you an information packet. Then when we schedule our next orientation workshop (usually held once or twice a year) we will send you a letter inviting you to join us for an orientation workshop. If you are still interested in working with our adoption program you will have the opportunity to consider doing so at that time. At the workshop you will learn all about our services and meet some of the birth and adoptive families who have worked with us in the past. After attending the orientation you will be given an application and the opportunity to apply for our program.

In the mean time we encourage you to begin researching all about adoption and have enclosed a list of books and on line resources which will begin to prepare you for this new adventure in your life.

If you have any questions after having reviewed our materials please feel free to give us a call.

Sincerely,

Maggie DeWitte
Adoption Coordinator
