

Crisis Management Panel Discussion Resource List

FEMA

<https://www.fema.gov/plan>

- ***Comprehensive Preparedness Guide 101*** (CPG 101) – provides guidance on the fundamentals of planning using a whole community approach
- **Comprehensive Preparedness Guide 201** (CPG 201) – Threat and Hazard Identification and Risk Assessment. Should be coordinated with local emergency management agency.
- ***Guide for Developing High Quality Emergency Operations Plans for Houses of Worship***

Readiness and Emergency Management for Schools Technical Assistance Center

<http://www.rems.ed.gov>

- Guide for Developing High Quality School Emergency Operations Plan

Incident Command Training (ICS 100)

<https://www.firstrespondertraining.gov>

- This online course provides an introduction to the Incident Command System and the National Incident Management System. This course will help the planning team understand how their plan coordinates with responding police, fire, and EMS. It will also improve understanding of the planning structure provided in the CPG 101.

Family Disaster Planning

<https://www.ready.gov>

- Provides guidance to families on preparing for and responding to disasters including developing a communication plan and preparing a family emergency kit.
- Provides information on helping communities become more prepared.

FEMA Emergency Management Institute

<https://training.fema.gov/emi.aspx>

- Provides extensive training in all areas of emergency management both online and in-person.
