

**DIOCESE OF DES MOINES**

**Catholic Schools Policies/Regulations**

**STUDENT PERSONNEL**

**Student Rights and Responsibilities**

It should be the policy of the Diocesan Catholic Schools Office, under the aegis of the Bishop, that each school should outline reasonable expectations from the student - school relationship. The relationship between Catholic schools and students is not primarily dictated by current institutional or state or federal statutes but rather by reasonable expectations and Catholic doctrine.

These policies and/or procedures are to contain the process whereby students and parents may appeal administrative decisions in addition to the responsibilities the students and parents must accept for participation and/or enrollment in the school. (281-IAC 12.3(6))

Policy Adopted: March 17, 2003
